“working to preserve this treasure
called Oregon”

Beach Cleanup

For a number of years, Azumano Travel and its affiliate companies—Premier Gateway and Azumano International—held our annual employee picnic at the Oregon Coast. The event was built around the Great Oregon Fall Beach Cleanup, sponsored by Stop Oregon Litter and Vandalism (SOLV), during which the entire Oregon coast, over 362 miles, is cleaned of debris that accumulates since the previous spring. Employees and their families joined thousands of other volunteers to remove tons of trash from Oregon’s beaches. Sometimes, they had to brave wintry weather, including rain, hail, lightening, wind, and cold temperatures! Trashy beaches put a damper on tourism and the economy it supports. Plastic litter and debris harm marine wildlife. By volunteering for the Beach Cleanup, the staff knows they can make a difference!
